REQUEST FOR STATUS OF APPLICATION

Sir:

This is a request for the status of the above-identified application. The Applicant is further requesting correction and/or clarification of the status information appearing in the on-line PTO Patent Application Information Retrieval (PAIR) system.

A Notice of Abandonment was mailed on June 8, 2000 for the application, however the holding of abandonment was later withdrawn. The Applicant filed a Renewed Petition Under 37 CFR 1.47(a) on January 2, 2002 in response to the Notice of Abandonment of June 8, 2000, and this Petition was granted in a Decision mailed May 2, 2002. A copy of the Decision on the Petition is attached hereto.

Also attached is the Withdrawal of Previously Sent Notice mailed May 23, 2002 in connection with this application. The Notice states that the Notice of Abandonment mailed June 8, 2000 was sent in error, and that it should be disregarded. Further attached is the Notice of Acceptance of Application under 35 U.S.C. 371 and 37 C.F.R. 1.494 or 1.495 mailed on May 23, 2002 concurrently with the Withdrawal of Previously Sent Notice. The Notice of Acceptance indicates the date of receipt of all 35 U.S.C. 371 (c) requirements as September 22, 1999.

It has come to the attention of the Applicant that on the "Bibliographic Data" page in PTO PAIR the status of this application is indicated as "Abandoned – Incomplete Filing." The Status Date for this entry is indicated as 09/20/2001. The "Transaction History" page in PTO PAIR indicates that the Applicant's Petition to withdraw the holding of abandonment was granted on 04/29/2002. The "Transaction History" in PAIR shows that the application had pending status as of 09/25/2002, a year after the abandonment date appearing in the "Bibliographic Data" section.

The application was accepted under 35 U.S.C. 371 on May 23, 2002, but to date the application is still awaiting substantive action. The Applicant believes this application may have been erroneously held in abandonment. Please advise the status of the application and when Applicant can anticipate action thereon.

Respectfully submitted,

28 March 2008

DECISION ON RENEWED
PETITION UNDER
37 CFR 1.47

This decision is in response to "RENEWED PETITION UNDER 37 CFR 1.47(a)" filed via facsimile on 02 January 2002. In a decision dated 02 November 2001, the "RENEWED PETITION UNDER 37 CFR 1.47(a)" filed 14 December 1999 was dismissed because applicant did not provide adequate proof that the missing inventor, Alain Dameme, refused to execute the application or could not be reached after diligent effort.

DISCUSSION

A petition under 37 CFR 1.47(a) must be accompanied by (1) the fee under 37 CFR 1.17(h), (2) factual proof that the missing joint inventor refuses to execute the application or cannot be reached after diligent effort, (3) a statement of the last known address of the missing inventor, and (4) an oath or declaration by each 37 CFR 1.47(a) applicant on his or her own behalf and behalf of the nonsigning joint inventor. The 29 September 1999 decision indicated that petitioner has satisfied items (1), (3) and (4) above.

As to Item (2), a review of the present petition and the accompanying papers reveal that applicant has satisfied item (2), in that the applicant has shown that a bona fide attempt was made to present the application papers, including the specification, claims, and drawings to Alain Dameme and that Mr. Dameme has refused to execute the application.

Accordingly, it is appropriate to accord the national stage application status under 37 CFR 1.47(a).

CONCLUSION

The renewed petition under 37 CFR 1.47(a) is GRANTED.

The application will be given an international filing date of 24 March 1998 under 35 U.S.C. 363, and a date of **22 September 1999** under 35 U.S.C. 371(c).

As provided in 37 CFR 1.47(a), a notice of the filing of this application will be forwarded to the nonsigning inventor at his last known address of record.

A notice of the filing of the application under 37 CFR 1.47(a) will be published in the Official Gazette.

This application is being returned to the United States Designated/Elected Office for processing in accordance with this decision.
